Town Meeting

(Continued from Page One)

All other town officials, whose terms expire this year, with the exception of the three School Committee members, will be unopposed at the March election.

In the School Committee contest will be Mrs. Theresa N. Turner, Clement J. Beaudet and Joseph J. Bevins, all seeking re-election to another three-year term; and Mrs. Dorothy G. Pinkham of 4 West St., and Mervin Ashley of 4 Monadnock road, who also filed nomination papers for the school board.

Later Monday evening, the Board of Selectmen closed the warrant for the annual Town Meeting. Fifty-five articles, several of them certain to result in lively debate, are included in this year's warrant. Among them will be articles calling for appropriations to defray the expense of running various town departments, as well as capital outlay appropriations.

Hauser of Harlow st., former member of the Board of Selectmen, who seeks re-election to the Board of Assessors; Serop A. Basmajian and Herbert M. Dutcher, seeking re-election to the three-year term on the Planning Board; Harvey C. Abbott, who was appointed to fill a vacancy on this board and who seeks re-election to the one-year term; Edward D. Buckley, candidate for re-election to the three-year term on the Board of Park Commissioners.

Ralph S. Stevens, candidate for re-election to the three-year term on the Board of Cemetery Commissioners; John S. Crosby, seeking re-election to the Board of Health; Miss Mary Helen Teale and Wilson D. Clark, Jr., candidates for re-election to the Board of Trustees of the Robbins Library; Roy D. Crosby, for Sinking Fund Commissioner; Edward P. Clark, for the Pratt Fund for five years; Sherman H. Peppard for two years; and Harold A. Yeames, trustee of the Farmer Fund for five years. Also, Edward A. Bailey for three years; Edward C. Hildreth for two years; and Arthur O. Yeames for his B. D. which he received in 1939.

On the first Sunday in January, Rev. Williamson occupied the pulpit at Trinity as a supply preacher, and it was from this first contact that the board of deacons, acting as a pulpit committee, decided to present his name to the church for consideration.

Cambridge Latin Upsets AHS, 2-0

ron, stopped the second highest scoring team in the league.

Fifteen-year-old Dick Rigarzio scored the first Cambridge goal at 1:20 of the second stanza on a breakaway while the Arlington skaters had five men in the Latin end of the rink in a desperate effort to capitalize on a penalty against Daurio.

After breaking through, Rigarzio had no one to contend with except goalie Wells and the Cambridge man scored from 20 feet in front of the net.

The second Cambridge tally was scored by Doran Burke at 8:04 in the same period. Rigarzio was credited with an assist in this score. Burke sent the puck past Ken Wells during a scrimmage in front of the Arlington strings.

Arlington was unable to score despite several desperate drives. The second loss dropped the locals to second place position in the league standing with five wins to its credit to date.

CAMBRIDGE LATIN — G. McCarron; rd. Costa; Id. Daurio; c. Sherline; rw. Linehan; lw. Burke.

ARLINGTON — G. Wells; rd. Taylor; Id. Fife; c. Coveney; rw. MacCutcheon; lw. Sennott.

Cambridge Latin alternates—Lee, Donahue, Boudreau.

Arlington alternates—Walsh, Donoherty, Donahue.

First period—No scoring. Penalties—Burke, slashing.

Second period—Rigarzio, unassisted 1:20 Burke (Rigarzio) 8:04.

Third period—No scoring. Penalties—Sennott, high stick.

Many Legion Members Honor Commander

A large delegation of Post No. 39 American Legion members and their wives attended the National Commander's banquet held at the Hotel Statler Saturday evening.

The membership committee under the chairman, S. V. C. Charles Boutillier has been signing up many veterans of World War II.

It is planned to have a mass initiation on Past Commanders' Night in the Spring. It was interesting to hear that Maj. John Dugan, Chaplain of the Cushing Hospital, signed up for membership.

A committee has been appointed to arrange for the Boys' State encampment to be held after school closes in June.

WAS THE HUMAN RACE A SUCCESS?

Will numb and horror-struck cave dwellers after future atomic wars put that question to themselves? Will they say of the majority of us (who will have been vaporized in a flame of reddish nitrogen) that we possessed great talent in technology but that when it came to living together with our fellow men we were ethical idiots?

Why are we so terrified today of the very scientific achievements which inspired us only yesterday to self-congratulations? Because we understand at last, in the blinding light of nuclear physics, that the science of killing is fantastically "progressive" while the art of living and let-live is fantastically "backward." We are stunned by the realization of our own feeble will to see fairness triumph and good will prevail. The problem is complex. We cannot triumph it as simple. But surely the most conspicuous expression of ethical idiocy in our times is the continued preaching of doctrines of bigotry, discrimination and prejudice.

Yesterday we denounced the superiority myths of the Germans and Japanese but today we are confronted by the growth of similar superiority myths in the United States. The rest of the world which looks to us for democratic leadership does not fail to note, in disillusionment and cynicism, these discrepancies between what Americans applaud in words but so often fail to practice in everyday relationships.

The State of Illinois has lighted the way to a constructive step. By an act of its legislature in June, 1945, the Illinois Inter-Faith Commission was established and given legal status for the purpose of promoting "good will and unifying the spiritual forces of the nation in harmony with the spirit of our constitution."

Already 15 states and 21 cities have endorsed the work of the Illinois Commission. The Illinois Commission itself has embarked upon a program to encourage the duplication in every one of its sister American states of a similar Inter-Faith Commission. In the end a Federal Inter-Faith Commission is also envisioned which would be solidly in line with the credo of George Washington, who wrote "The Government of the United States which gives to bigotry no sanction, to persecution no assistance, requires only that they who live under its protection should demean themselves as good citizens." Obviously good citizens are all kinds of citizens. In the final reckoning there can be no place in American democracy for bigotry and discrimination or we shall fail as a democracy.

VETERANS AS CITIZENS FIRST

Almost every day a few more of our servicemen come home, and many of them have expressed a desire to join a veterans' organization—not only to have a good time, but to make sure that some of the hopes they fought for become realities.

This strikes us as a good idea. People are paying attention to what veterans have to say these days, and ex-servicemen can have an effective influence if they find a suitable channel through which they can voice their opinions. There are more than sixty veterans' organizations—some very small, some very big. Some are holdovers from other wars, and, likely elderly individuals, are set in their ways. Some have

started up suddenly in the last few months and will probably disappear with equal swiftness before too long.

One new group that seems to have a good chance of longevity, and of real service, is the American Veterans Committee, which is holding its first national convention in March. AVC is beginning to grow. It had only 15,000 members at last count, but it already has more than 75 chapters in this country, and 25 abroad, and it has played an active and intelligent part in national and international affairs. One of AVC's guiding principles is that veterans must not be governed by self-interest; that they can best help themselves by helping the community to which they belong. Men who have seen action know the desperate need for teamwork. They know that an infantryman cannot advance far without friendly ships on the seas behind him and friendly planes in the air above him. They know the futility of seeking temporary personal advantage at the expense of others with whom cooperation will later be necessary.

Some veterans have been fascinated, for instance, by the prospect of a quick bonus; many others have recognized that the payment of such a bonus would probably dislocate our economy and that they themselves would eventually suffer, as citizens, from this dislocation. AVC does not want veterans to become a class apart, vying with the rest of the nation for whatever crumbs of favoritism can be wheedled from charitable administrators and legislators. AVC wants its members, and all veterans, to achieve prosperity as citizens of a prosperous nation.

SELF CONTROL

Roger Babson's articles appearing in Arlington exclusively in the NEWS are worth the attention of our readers at all times, but this week, young men particularly would do well to read his article.

Having been obliged to revamp his mode of living due to a long illness, Mr. Babson has developed a philosophy of living which might be studied by many of us today.

This nation made rapid progress when young men wanted opportunities, instead of security. Today, there are still great opportunities for young men, but self control is necessary in order to take full advantage of them.

The NEWS OBSERVES

Under a lease effective today, Wiggins Airways will take over premises at 60 Devonshire st., Boston, for the first permanent airplane showroom to be established in the shopping center of any New England city.

In the heart of downtown Boston, the new aviation showroom is at sidewalk level, and will accommodate several airplanes. Also to be installed in the aeronautical display center is a Link Trainer, along with aircraft instruments, clothing, and other accessories.

Liberalized provisions for enlistment and re-enlistment in the Regular Army, are expected to give fresh impetus to the Army recruiting drive in New England, it was stated this week by Maj. Russell T. Hatch, chief of recruiting for the First Service Command. The new War Department directive advances from Jan. 31 to June 30 the deadline before which men who held temporary grades during wartime may re-enlist in the peacetime Regular Army and retain those grades on a permanent basis; and also extends from 20 days to three months the period after their discharge during which these veterans are eligible to take advantage of this offer.

"Now these men have a better chance to make adequate comparisons between civilian life—its conditions, remunerations, and social and recreational aspects—and the life offered in the peacetime Army, which provides an education, travel, security and a profitable career," Maj. Hatch said.

"Reports from Commercial Banks and other Lending Institutions in this region and others indicate that residential building contractors can obtain all the credit needed to launch the greatest construction activity in the history of the United States," John J. Haggerty, Manager of the RFC Loan Agency at Boston, announced yesterday.

"Assurance that adequate credit would be available to take care of soundly conceived residential building projects was provided," Mr. Haggerty said, "when the board of directors of the Corporation, at a recent meeting in Washington, extended the protection of the RFC Blanket Participation Agreement with banks to include loans made by banks to contractors or other business enterprises interested in financing the construction of residential properties."

Fire, Police Depts.

Praised by Purrier

William R. Purrier of 129 Overlook road, proprietor of the Edith Hine Permanent Wave Salon at 691 Massachusetts ave., this week added his praise to those already voiced for the efficient work of the Arlington Fire Department in fighting the recent A & P supermarket fire.

Mr. Purrier told the NEWS that only the quick and efficient work of the Fire Department prevented the flames from spreading to his beauty salon and office on the second floor, directly above the market. As a result, damage to the offices was confined to smoke.

The Arlington Police Department was also lauded by Mr. Purrier for its efficient handling of emergency calls during the fire. Mr. Purrier told the NEWS he was notified by the police soon after the blaze was discovered, and that all other occupants were likewise warned by the police of possible spread of the fire to their offices.

Chaplain Marshall Accepts Call From Plymouth Church

Chaplain George N. Marshall, 49 School street, has accepted a call to be minister of the First Church in Plymouth, the oldest existing Protestant church in the country.

The church was founded in Scrooby, England, in 1602 and in Plymouth in 1620 by the Pilgrims. He will assume his pastoral duties this month.

On Sunday, he will occupy the pulpit of the Church of The Unity in Springfield, his boyhood church.

Chaplain Marshall is the son of Prof. and Mrs. J. Wallace Marshall of New Haven, Conn., and the husband of the former Miss Barbara Talbot Ambrose of Arlington.

Ralph C. Wildes Resigns as Organist Of First Parish Church

After 10 years of service, Ralph C. Wildes, Mus. M. has resigned his position as organist of the First Parish and will confine his activities to teaching at Exeter, N. H.

At the close of the service last Sunday morning, Mr. Wildes was presented a leather music case by the senior choir. Ernest R. Moore made the presentation.

Rev. John Nicol Mark spoke at the morning service of the high quality of organ music which Mr. Wildes had given for decade, and particularly of his excellent interpretation of Bach, having played during one church year all of this composer's preludes.

Horton E. Springstead, M.S.M., of Somerville will succeed Mr. Wildes and will begin his new duties on Feb. 10. Mr. Springstead is a pupil of E. Power Biggs, well-known concert organist and teacher.

Fatal Accident

the Kenney boy to the Symmes Hospital where the latter was pronounced dead on arrival.

The boy's mother was told of the accident by a neighbor while his father, who was at work in the Boston office of the War Department's Ordnance Branch, was notified by the police. Inspector Sullivan of the Registry of Motor Vehicles as well as Dr. Wilcox were also notified and both came to Arlington to join Arlington inspectors in investigating the accident.

The boy's sled, with its steel runner bent, was found under a rear wheel of the car, police say.

In an effort to set the time and circumstances of the puzzling accident, police learned from an older boy that he had coasted down Rutherford st., just ahead of the Kenney boy, and that he had started to walk across the Concord Turnpike to reach the Arlmont Country Club grounds when he turned back and saw the Kenney boy near the car but he did not see the actual collision.

Mrs. Sherry first learned of the accident when the school teacher, rushing to the nearest telephone to notify the police, happened to go into the house where Mrs. Sherry was visiting.

Two police cruiser cars and the Fire Department's Special Service truck were sent to the scene. The car was raised to release the child and Patrolman William Burns took

"ISN'T IT GREAT TO BE AN AMERICAN?" Maybe you would like to have a fresh windshield sticker with this glorious expression. If so, drop into a drive-in station and get one this week and, at the same time, make some cash donation to the Infantile Paralysis Foundation March of Dimes.

Speaking of the March of Dimes drive, Arlington is surely trying to show its appreciation for the benefits it received from the movement last year. More money was spent during 1945 in Arlington than Arlington folks contributed. So Arlington's Youth Association and the Auxiliary Police Association put on a youth dance, plus a house-to-house canvas for funds, to assist the regular campaign. Congratulations to them for their civic loyalty! "ISN'T IT GREAT TO LIVE IN ARLINGTON?"

Memo for the make-work-easier department: Have two clean ironing board covers always available, one for dark and colored clothing, one for white things. Then you'll be taking no chances of color stains on freshly washed white articles.

The water in which rice has been cooked is a good light starch to renew chintz, cretonne, or laces.

With hair-up-top still the fashionable coiffure, the vogue for startling ear rings has increased. But be sure your ears can endure being the center of attention. Wash them each time you wash your face, not just when you bathe! A light dusting of powder is better than a violent shine above jeweled ear bobs.

SOAP AND WATER MAY HELP YOUR COCKTAILS! To be sure that your ice cubes are fresh and tasteless, wash the trays with soap and water each time the refrigerator is defrosted. Scald and dry before refilling.

When you are teaching a small child to shake hands, it's a good chance for a reminder that well washed hands are more pleasant to shake.

IF YOUR NYLONS HAVE RAYON TOPS, be sure to let them dry a full 48 hours before wearing. Cotton tops and feet also require longer drying than the nylon itself.

It's a good idea to check the "nylons" you buy. We know a gal who bot some in a Fifth Avenue shop after standing in line for two hours only to find that she had bot some mismatched and repaired second hand hosiery that she had expected to be new and elegant.

Yours for cleaner living since 1916.

temper. If he expects to someday go into business for himself, he must also have self-control to save money, with the help of a good wife. The determining factor of whether a man will someday be an employer, or must always work for someone else, is this man's ability to save money. The man who constantly saves money, can ultimately become an employer; but the one who does not save money, must always work for someone else.

Speaking of money reminds me of the need of self-control in successful investing. It is not difficult to pick out good stocks. A few weeks ago I gave a list of 25 stocks, all of which have paid dividends for over 25 years, and some for 50 years! The important need is to know when to buy, rather than to know what to buy. Most persons buy only when their neighbors are buying which is usually too late.

The time to buy is during a panic when prices are low, but this requires self-control. A person with sufficient self-control could have invested \$2,000 forty years ago and, without borrowing a penny, could have made it worth over \$1,500,000 today. — buying and selling only nine times during these 40 years. But such a person needed to have self-control enough to sell when others were buying, and to buy when others were selling.

SUCCESS IN BUSINESS
Returning servicemen, who hope to go into business for themselves, especially need patience and self-control. No new business can be expected to pay from the first, whether it is a little factory, a small store, or a barber shop. Starting a new business is like planting a tree. It cannot be neglected and needs care and watering for a long time before it bears fruit.

Men starting a business should have the self-control to say "no" and stick to it when they should say "no"; and the self-control to say "yes" and stick to it when they should say "yes". Sometimes I think that self-control is a spiritual quality which we cannot buy; but which we can get only on our knees through humble prayer.

An Urgent Appeal To The Public

HELP A VETERAN TO FIND A HOME FOR HIS FAMILY

THOUSANDS of our boys are coming back ... Veterans ... They hope to settle down to a life of Peace ... a Happy Life! THEY are entitled to it! But what has happened? Conditions have changed. They can't find places to live. There is an extreme shortage of housing facilities due to war-time programs. YOU know the situation — it's CRITICAL, to say the least. Pick up a newspaper and read the Homes-Apartments-Rooms Wanted sections. The demand exceeds the supply!

SHELTER WANTED

to alleviate heart-ache and suffering. OPEN up your home to Veterans and their families. Maybe you have one or more spare rooms. Perhaps you can convert a portion of your home into a dwelling unit. In so doing, you will not only be performing a humanitarian service, but you will create an additional income for yourself. ACT TODAY!

The first thing every homecoming man in uniform wants, is the security of a home of his own. The G. I. Bill of Rights' provisions help him finance a new home. However, shortages of materials has retarded home building. Meanwhile, you can help a veteran and his wife by sharing one or two rooms in your home.

He Deserves To Have His "Castle in the Air" Become a Reality!
